

LIFE. CHANGING. ANTARCTICA

SOUTH AMERICA

FALKLAND ~ MALVINAS

The Falkland Islands (~ Malvinas) are a remote South Atlantic archipelago, featuring rugged terrain and cliff-lined coasts, with hundreds of islands and islets. Discover the fascinating history and spectacular wildlife, boasting numerous species of birds and 14 different marine animals in these waters. This includes leopard seals, fur seals, sea lions and elephant seals, with the highest breeding site for elephant seals in the world.

Drake Passage

FALKLAND ~ MALVINAS

Hiking

Adventurous hikes for all abilities are offered on our expeditions, guided by our expert Expedition Teams. Explore historical ruins, stroll rocky shores, admire local flora and fauna, or scale heights to delight in spectacular vistas.

Shackleton's Crossing~

Explore with a small group of adventurous souls attempting to repeat the epic 1916 crossing of Sir Ernest Shackleton, Frank Worsley and Tom Crean, trekking for up to three days across South Georgia from King Haakon Bay to Stromness.

Did You Know:

We offer the Most Comprehensive Activity Program, including Scuba Diving[^], Snorkelling, Skiing, Sea Kayaking, Hikes, Zodiac cruises and much more.

Camping

A unique opportunity to roll out your sleeping mat and wriggle into your thermal sleeping bag for a night out on the ice. Prepare to witness the stunning beauty of the Antarctic night sky, the sounds of ice cracking in the distance and wildlife carrying on their busy schedule around you. An ultimate bragging rights activity!

ANTARCTIC PENINSULA

A trip to the Antarctic Peninsula takes you to one of the richest breeding grounds for penguins, seals, and seabirds in Antarctica. Immerse yourself in the unimaginable beauty, where vast glaciers tumble into the sea, penguins are dwarfed by soaring peaks and humpback and minke whales feast on abundant krill.

Kayaking In Antarctica

An extraordinary way to observe Antarctica and its surrounds, and is offered on most of our Antarctic expeditions. The opportunity to explore the watery wilderness by paddle power is an unforgettable experience.

Scotia Sea

SOUTH ORKNEY ISLANDS

SOUTH GEORGIA

Often called an Antarctic oasis, or "the Galapagos of the Poles," due to the large numbers of penguins and seals that breed here. With a marine ecosystem considered one of the world's densest examples of biodiversity. Experience the magnificent wildlife, towering icebergs, blue glaciers, rugged islands, white mountains and tales of the fascinating history.

Bellinghousen Sea

Scuba Diving*

Discover the hidden wonders of the underwater world. Witnessing grounded icebergs and rare creatures seen by a select group of daring adventurers, is guaranteed to stir your soul and offer unbeatable memories, and stories to share and cherish.

PORT LOCKROY

Weddell Sea

Zodiac Experiences

True exploration is spending more time off ship and into Zodiacs where you have the opportunity to experience multiple shore landings, with up to two excursions per day[^]. Witness incredible wildlife, marvel at spectacular icebergs, glaciers, and explore otherwise hard-to-reach coastlines in our trusty Zodiacs.

LEMAIRE CHANNEL

NEKO HARBOUR

PARADISE BAY

ANTARCTIC CIRCLE

ANTARCTIC CIRCLE

The northernmost latitude in the Southern Hemisphere. Entre a world that is rarely seen, with great swathes of pack ice and dreamlike icebergs, feeling more isolated and colder than father north. Explore the narrow channels where scenes of ice-clad mountains, feeding whales and lively penguin colonies become lasting memories.

ANTARCTICA PENINSULA

WEDDELL SEA

This polar wilderness is best-known as the setting for Shackleton's dramatic Endurance expedition. Explore a spectacular world of icy landscapes and thriving wildlife. This area is famous for Emperor penguins, Weddell and elephant seals, seabirds, humpback whales plus an abundance of penguins. We hope to encounter unique ice seals lounging on sea ice weather permitting.

Snorkelling*

Witness wildlife and scenery unlike any other place on earth. Through crystal clear waters you'll discover the amazing mobility and speed of penguins entering and exiting from the ice, marvel at beautiful, sculpted icebergs below the water and witness marine life such as crustaceans, isopods, starfish and nudibranchs!

*Subject to appropriate weather and sea conditions.
 ~ This trip is suitable for persons with alpine trekking or mountaineering experience.
[^]Available in select Antarctic regions.
 +Camping is available on select voyages between October - December.
