

Sea kayaking in Scotland, Faroes, Iceland and Norway

The experience of kayaking in the humbling wilderness on all our expeditions is guaranteed to stir your soul. Paddle under towering cliffs, through hidden caves, or drift quietly as you unobtrusively watch wildlife, absorbing the majestic scenery.

'Getting out amongst it' is our philosophy, and that is exactly what we do. Weather permitting, the kayaking activity is normally available anytime the other expeditioners go out.

Rather than travelling large distances, our aim is to see as much as possible. We paddle anywhere between 5-15 km / 3-9 mi. (2 to 4 hours) per outing, sometimes taking a snack and a flask of hot chocolate to enjoy on our excursion.

Each group of up to 10 kayakers (per guide) generally visit the same wildlife sites as our fellow expeditioners. However, the size of our kayaks means that we also

have the opportunity to access areas that are often not accessible by Zodiacs.

When we visit these wild places, the elements play an important role. It is important that you have an adventurous attitude and understand that our kayaking time will be affected by the weather that we experience.

How to book:

If you have intermediate paddling experience and would like to participate in our sea kayaking option on your voyage please return a completed sea kayaking activity form. Our kayaking guide will review your form for suitability and experience before approving your place in the kayaking group.

Sea kayaking in Scotland, Faroes, Iceland and Norway

Required experience

For most of these regions you should be an intermediate paddler, active in the outdoors and have an adventurous spirit. Conditions can be varied and you require experience paddling in ocean swell and wind.

You do not need to be an expert or know how to roll. However, you are required to be able to swim and you should have experience in a wet exit and assisted re-entry. You should also be proficient at putting on a spray skirt by yourself, and be comfortable paddling on seas with up to half a metre swell. It is also important that you gain some practice getting into a kayak from a pier, wharf, or deep shoreline where you can't step into the kayak from standing position. All this can easily be practiced at home before your trip. You should paddle in a variety of weather conditions to prepare for your trip.

Our guides do not offer instructional classes for beginners. Therefore, the kayaking option is unsuitable for complete novices. If your experience is limited, we'd encourage you to call us to discuss your suitability. There is often ample time to gain the required experience before you depart. We may be able to recommend a reputable sea kayak operator in your area for some tuition prior to the trip.

Please note: Your guide will assess your ability on the initial paddle, and if you have insufficient experience, he or she reserves the right to restrict your participation in rougher conditions.

Fitness requirements

You should be fit enough to paddle for up to three hours at a time, and climb between moving Zodiacs on the water. Regular exercise is recommended, as the fitter you are the more you will enjoy the experience. The more paddles you can do before the trip, the better (we recommend at least 3 to 4 outings prior to your voyage).

Number of outings per voyage

Sea kayaking is offered in place of regular shore excursions. We aim to paddle as often as possible. Depending on the voyage, we generally aim to paddle twice per day.

Booking allocation:

Each kayaking place is for one person only.

Passengers are unable to 'share' a kayaking place as the kayaks and drysuits are customised for each individual at the beginning of each voyage.

Group size

Our guide to paddler ratio is 1:10 and we provide an accompanying safety Zodiac.

There are 20 places available on these voyages.

Age limit

Kayakers should be aged 14 or over.

Our Guides

Our guides have many years of kayaking experience in these exciting destinations. The guide will lead the group on each excursion, explaining facts about the wildlife and other highlights as we come across them.

The Kayaks

We primarily use Point 65 plastic kayaks. 5.2 metre long doubles and Whiskey 16 Tour and Sea Cruiser singles.

Single kayak use will be at the guide's discretion, depending on group numbers and individual experience. They are all a sit-in style, well-suited for day trips and launching quickly from the ship.

The kayaks are quite stable and we generally launch in deep water from our specially-designed floating kayak platform behind the ship or alternatively, from Zodiacs. We will always paddle back to the ship in deep water unless conditions are too rough and return to the ship by Zodiac.

In the unlikely event of a capsize, the guide will assist by righting the kayak and stabilising and pumping it out. Paddlers will re-enter with the guide's help, or with a support Zodiac. With drysuits and warm clothing underneath we are comfortable in cold water for up to half an hour. Note that the kayaks have separate compartments with bulkheads, so they float after a capsize.

Sea kayaking in Scotland, Faroes, Iceland and Norway

Equipment included

- Rudder and skeg kayaks
- Werner paddles
- Safety equipment
- Male and female PFDs
- 15-litre dry bag
- Neoprene boots (available sizes 4-14)
- Male and female goretex dry suits with waterproof socks attached
- Pogies (insulated mittens that attach to your paddle)

What to bring

You will be required to bring your own clothing to wear under your dry suit. We recommend:

- Thermal top and bottoms: one light-weight and one medium- to heavy-weight. Wool is excellent.
- Two pairs of pile or polar fleece pants
- Gloves: two pairs, one thin and one thick
- Socks: Heavy thermal socks (2 pairs)
- Headgear: Warm cap, beanie or balaclava
- Swimsuit or polypropylene underwear to wear under your thermals
- Waterproof sunscreen blockout and lip balm
- Sunglasses with side visors and tie or string for attaching them to prevent loss
- Water bottle: 1 to 2 litre capacity

- Waterproof binoculars: Recommended for wildlife viewing from the kayak
- Dry bags, waterproof bag or Pelicase for camera/phone.
- Paddling jacket that is wind proof and water resistant.

Wind and weather

These northern waters are warmer than the polar regions but water temperatures around 12 °C/ 53.6°F mean you may opt to wear your paddle jacket on a warm, sunny day or our dry suits on a cool day.

Surf landings are not likely. Be prepared though to paddle in a small swell or wind chop, with winds up to 20 knots.

We will not paddle if wind conditions are too strong and there is no sheltered area for paddling.

If the weather changes during our outing we will head back to the ship and perhaps join a shore excursion. The ship's captain, expedition leader and kayak guide always maintain close contact to ensure a safe paddling experience.

Paddling amongst the wildlife

Kayaking in these wild places offers a unique wildlife experience with possible encounters with seals and basking sharks. We'll have the opportunity to view some of the largest sea bird colonies in the northern hemisphere.

Activity Surcharge

The Sea Kayaking activity is available for an additional surcharge and includes guided excursions and kayaking equipment. Please refer to our website for the cost of kayaking on your chosen voyage.

Frequently asked questions

Can I carry anything in the kayak?

Yes, you will be supplied with a with a 15-litre dry bag for extra clothing, binoculars and anything that needs to be kept dry. You should also carry a water bottle. You are also welcome to bring along your own 5-10 litre dry bag for personal items.

Can I bring my camera?

Yes, but we highly recommend a waterproof camera or phone, or a good quality waterproof case. Pelican cases are highly recommended for good cameras. The kayak hatches are not large and will not take a Pelican case larger than the 1400 model. A 1300 model is better suited if your camera and lens combination fit. However, you may be able to strap a larger case onto the back deck of the kayak.

What if the weather changes during an outing?

We do not attempt to paddle too far away from the ship - the emphasis is on experiencing the destination rather than travelling long distances. Your guide will be in constant radio contact with our ship captain and expedition leader and if we need to return to the ship a Zodiac can be called.

Travel Insurance

Travel insurance including emergency evacuation coverage, is mandatory on all Aurora Expeditions voyages. You will need to ensure that your insurance policy covers you for your activity and any related equipment. An additional policy or premium may be required to ensure you have adequate coverage. Please contact Aurora Expeditions if you need assistance with your insurance policy.

Can I share my kayaking place?

No. Each kayaking place is for one person only. Passengers are unable to 'share' a kayaking place as the kayaks and dry suits are customised for each individual kayaker at the beginning of each voyage.

What if I decide I don't want to paddle?

Outings are not mandatory and you are given the opportunity to paddle as much or as little as you like. However, we do encourage you to get out as much as you can! Please note that the activity surcharge is non-refundable and we are unable to assist you if change your mind once on board. If you decide to fully cancel your participation in the activity during the voyage, please be aware that you will not be entitled to a refund - neither partially nor fully. Contact our team for further details on our kayaking cancellation policy.

Sea kayaking in Scotland, Faroes, Iceland and Norway

Please complete this activity form and return with your expedition booking form.
All questions are required to be answered in full if you wish to confirm your kayaking place.

To ensure you have a safe and enjoyable kayaking experience we recommend you are a kayaker of an intermediate standard who has paddled recently, preferably in a variety of conditions. You are required to be able to swim and we highly recommend you practice a wet exit and assisted re-entry prior to your voyage. Weather permitting, the kayaking activity is normally available anytime the other expeditioners go out.

If your experience is limited, we'd encourage you to call us to discuss your suitability. There is often ample time to gain the required experience before you depart for your voyage. We may be able to recommend a reputable sea kayak operator in your area for some and preparation tuition prior to your trip.

On your initial outing your kayaking guide will assess your ability. If you have insufficient experience, the guide reserves the right to restrict your participation in rougher conditions or longer outings. Please ensure you fully read and understand our terms and conditions and have read our information sheet before completing this form. Contact our expedition experts if you have any questions.
