

Dream and Discover in 2024 with Aurora Expeditions

SYDNEY, AUSTRALIA (November 8, 2023) – Australia’s award-winning expedition company, Aurora Expeditions is helping adventurous travellers make their dreams become reality with new end of year offers announced for its upcoming seasons in Antarctica, the Arctic and beyond.

Whether looking to explore the remote icescapes of Antarctica to the towering cliffs and deep fjords of Greenland, **until 31st December** passengers can enjoy incredible value on Aurora’s small ship expeditions to the polar regions and more.

Travellers can lock in their adventures on three upcoming Aurora Expeditions seasons: Antarctica 2023-24, Arctic and Beyond 2024, and Antarctica 2024-25 and receive up to 20% off, PLUS Air Credits of up to AUD \$3,800 per person for select Arctic voyages, and up to USD \$2,000 per person for ALL remaining 2023-24 and 2024-25 Antarctica voyages*.

“As the year draws to a close, we know that people are thinking about their adventures into 2024 and 2025,” commented Aurora Expeditions’ CMO, Hayley Peacock-Gower.

“We’ve had the pleasure of discovering and connecting our expeditioners to the world’s wild places for over 32 years. More than ever, we know travellers want to choose experiences that are meaningful and immersive. Our expeditions follow the experience rather than an itinerary and

offer unparalleled opportunities to connect with nature; from kayaking amongst humpback whales in the Arctic to snorkelling with penguins in Antarctica and much more. These types of awe-inspiring experiences are second to none in forging deep friendships, changed perspectives and lifelong memories.”

These end of year offers are valid across dozens of voyages on the company’s two purpose-built small expedition ships, the *Greg Mortimer* and the new *Sylvia Earle*, which was launched in late 2022. Offers are valid until December 31, 2023.

About Aurora Expeditions

Aurora Expeditions is an award-winning, Australian-owned expedition company pioneering experiential travel for over 32 years. A pioneer in Polar Expeditions, Aurora is deeply committed to environmentally respectful travel to preserve the beauty and majesty that mother nature possesses, and we take real actions for the care of the planet.

Founded on the guiding principles of adventure and endless exploration, the small ship experience is intimate and friendly. Aurora Expeditions takes travellers on perspective-altering experiences to some of the planet’s most remote and incredible places.

Aurora’s two purpose-built ships, *Greg Mortimer* and our brand-new small expedition ship *Sylvia Earle* are designed for global discovery.
